HTML5, CSS3, JavaScript, Handlebars, Bootstrap, API, MySQL, Express, jQuery, Node.js, React

PROFICIENT IN

GitHub, Git, Figma, Wireframes

EDUCATION

University of North Carolina

Full Stack Web Development Certificate

My experiences have allowed me to develop essential skills such as problem solving, teamwork, adaptability, and customer service. These attributes are now driving my transition into the world of technology, coding, and creative problem-solving. Using my Full Stack Coding Certificate from the University of North Carolina I'm hoping to integrate my passion for design and art with the endless world of technology.

WORK EXPERIENCE

Bartender / Server

Chili's Bar & Grill

2022-2023

Mixed drinks to customers specifications, took and delivered food orders, completed customer transactions.

Key Accomplishments:

- Maintained precision in handling customer transactions, minimizing errors and discrepancies in billing.
- Successfully mixed drinks tailored to customers' preferences, contributing to high levels of customer satisfaction and positive feedback.
- Collaborated effectively with colleagues and kitchen staff to streamline communication and optimize service delivery.

Full Time Caregiver

2018-2021
