Assistant to Nurses in the Surgical Recovery Department

As an enthusiastic and newly certified IT professional with a Full Stack Coding Certificate from the University of North Carolina, I am eager to transition into the dynamic world of technology and software development. My journey has honed critical skills such as problem-solving, teamwork, adaptability, and customer service, all of which are vital in the tech industry. With a strong foundation in both front-end and back-end technologies, I aim to blend my passion for design and art with the innovative realm of coding and technology. My goal is to contribute creatively and technically to projects, leveraging my skills to provide effective and user-centric solutions in the ever-evolving IT landscape.
